

THE gayest week Salt Lake has seen for some time has just passed, and the prospects are good for another equally brilliant. Among the more notable events were the third Assembly, the Woods reception, several very brilliantly appointed dinners, a number of dainty and delightful luncheons and a few card parties. The revival of the card party after a season of inactivity has been most marked, and there are to be a number of them during the ten days yet remaining before Lent. The last dancing parties till the spring time, however, excepting the hop at the post, are no doubt over, and although there are to be a few marriages early in next month, the social world will be comparatively restful from Ash Wednesday till the blossoming time of Easter.

About forty guests were present and sixty-three was enjoyed. The ladies were small red hearts, and counters were tiny arrows with which to pierce them. Later in the evening valentines were distributed to the men, and from them presented to the ladies, the lady receiving the greatest number obtaining the head prize.
